

Assessment & Examination

Revision of Class VIII Exam Policy

Weightage of marks in Examination & Check Point Tests for Class VIII has been revised from the session 2016-17 to address the following problems:

- Generally, lenient marking by teachers during the Check Point Tests was observed leading to inflated marking.
- Inflated marking facilitates weak students to get promoted to Class IX, who fail to perform up to the desired level in Send-ups.
- Schools have to arrange Extra Coaching Classes and Send-ups repeatedly for such students, in order to make them qualify for Board Exam.
- Students get maximum marks due to less content to prepare for the Check Point Test.

MEASURES TAKEN

- Weightage of Term Exam has been increased from 70% to 80% and the weightage of Check Point Test has been reduced from 30% to 20%.
- In addition to this, weightage to Second Term against the First Term has also been increased i.e 40% to the First Term Result and 60% to the Second Term Result will be taken for the Final Consolidated Result. The promotion from Class VIII to IX will be based on Final Consolidated Result.
- Second Term Exam will include identified topics from the First Term syllabus in order to prepare the students for Board Exams.
- For Class VIII result sheet has been prepared according to the new policy.

(Copy Enclosed)

- There is no change in number of Check Points; however there is a change in the marks allotted to each Check Point Test.
- Average of the marks obtained in the Check Point Test will be taken and entered in the subsequent column meant for Average Obtained Marks in Check Points.

CONSOLIDATED RESULT SHEET (FOR CLASS TEACHERS)

CLASS VIII
