

Preparation for Entry Test Series (PETS)

General Instruction

In order to facilitate the **HSSC students**, seeking admission in Professional Institutions (Medical/Engineering), APSACS has launched **Preparation for Entry Test Series (PETS) Programme in 2017.**

This **90 x hours** programme comprising of MCQs based on MDCAT & ECAT test formats and is prepared by the most experience teaching faculty of APSAC System, trained by **NUMS** for their **Data Bank Constitution, Compilation & Conduct of Entry Test.** All APSACs are provided with a 'CD' at the start of their academic session with the "PETS" program in it. It is mandatory for APC's Principals to run this programme at any suitable time / slot available during HSSC-II Academic Session every year.
